In 2005, Gracie and Bob Cavnar created Recipe for Success Foundation to lead the way in combating childhood obesity by changing the way children understand, appreciate and eat their food and by educating and mobilizing the community to provide healthier diets for children. Through our award-winning national programs like Seed-to-Plate Nutrition Education™ in schools, farmers markIDS DAYS, the VegOut! 30-Day Challenge and Eat It! Food Adventures children’s cookbooks, along with the Hope Farms urban agriculture project in Houston, the Foundation works to create a culture where nutritious food is shared, appreciated and celebrated, while making healthy food appealing and available to everyone.
